

PRISONERS' RELIEF WORK.

\$10,000 Campaign Launched; Maj. Pullman Aids Ex-Convict.

The Prisoners' Relief Society has launched a campaign to secure \$10,000 to meet demands of the organization to carry on its work. The society intends if possible to obtain \$100 each from 100 men. A contribution of

\$100 has already been received from Senator Lawrence C. Phillips of Colorado. The society states that Maj. Raymond Pullman does not hound the ex-convict, but instead frequently helps him. The other day he picked up a notorious ex-convict on the street and took him in his car to the relief society. The next day Maj. Pullman procured a job for the man, the society states.

G. E. Rayburn Arrested.

W. R. E. MEN VOTE AGAINST A STRIKE

Arbitration Committee to Decide Questions of Wages and Conditions.

Employees of the Washington Railway and Electric Company, at a special meeting in Walters' Hall, lasting until nearly 4 o'clock this morning, voted against a strike, and decided to leave differences between employees and the company on wages, hours, working conditions and recognition of the union entirely in the hands of an arbitration committee.

The final vote, which obviated possibility of an immediate strike on the lines of the Washington Railway and Electric Company, was taken about 3:30 o'clock this morning, after a session at which demands of radicals for a strike were heard and overcome by arguments of the more conservative element.

Members of Committee.
The committee named at the meeting to act for the employees is composed of R. T. Motley, chairman; J. F. Magruder, J. W. Green, Frank Duwerth and J. N. McWeil, with James Largay, international vice president of the Amalgamated Association of Street Railway Employees, as counsel. Rowland B. Mahany, conciliator of the Department of Labor, is to act as an intermediary between the employees and the company.

The conditional offer of an increase of 3 cents an hour made by President Ham at Tuesday's conference was not accepted, and declaration of the company to recognize the street railway employees' union was condemned at the meeting.

Mr. Allen Represents Directors.
It was announced that Milton E. Allen, chairman of the board of directors of the Washington Railway and Electric Company, hereafter is to act in the place of President Ham in negotiations with the employees.

Engineer Commissioner Kutz, who is chairman of the Public Utilities Commission, is to be asked by Mr. Mahany to act as arbitrator in the matter, both the employees and officials of the company having expressed a willingness to have the commission arbitrate the differences.
